Hi Mr. Graves (OSD/JS FOIA Office),

Recently The New York Times and the company To The Stars Academy (TTSA) have published infrared targeting pod videos they state are connected with the DOD programme 'Advanced Aviation (sometimes; Aerospace) Threat Identification Program'. A former DOD employee named Luis Elizondo - now working for TTSA - has stated that the videos was released according to DoDD 5230.09 (Head Instruction DoDI 5230.29) by sending in the videos along with DD Form 1910 to the Defence Office for Prepublication and Security Review (DOPSR), and that the videos was cleared for unrestricted release to the public.

Under the Freedom of Information Act, I am seeking all documents related to DOPSR's review of these videos, to include who submitted the request and the results of such review.
