Dear Mr. Dharamsey

This is in response to your Freedom of Information Act (FOIA) request, dated 22 August 2023, for information regarding Access Logs and other documents related to Rep. Matt Gaetz's visit to Eglin AFB in July 2023, which was assigned tracking number 2023-05761-F.

Portions of the information requested are exempt from disclosure under the FOIA. We are withholding information under the below exemption(s) because we reasonably foresee that disclosure would harm an interest protected by the FOIA. We have indicated the proper exemptions, described below, in the attached document(s).

a. Exemption (b)(1) protects from disclosure information about "matters specifically authorized under criteria established by an Executive order to be kept secret in the interest of national defense or foreign policy" and which has in fact been "properly classified pursuant to such Executive order." The deleted information is exempt from automatic declassification in accordance with Executive Order 13526 Section 1.4 para (c) intelligence activities (including covert action), intelligence sources or methods, or cryptology.

b. Exemption (b)(6) permits the withholding of all information about individuals in "personnel and medical files and similar files" when the disclosure of such information "would constitute a clearly unwarranted invasion of personal privacy."

c. Exemption (b)(7)(C) provides protection for personal information in law enforcement records the disclosure of which "could reasonably be expected to constitute an unwarranted invasion of personal privacy."

d. Exemption (b)(7)(E) provides protection to all law enforcement information which "would disclose techniques and procedures for law enforcement investigations or prosecutions, or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law."

The authority for the exemptions used can be found in 5 U.S.C. §552, DoDM 5400.07, *Freedom of Information Act Program*, and DoD 5400.7-R\_AFMAN 33-302. You can also access information on the Air Force FOIA program via the Air Force FOIA page at <https://www.compliance.af.mil/>

If you interpret my response as not fully complying with your request, you may appeal this decision with the Secretary of the Air Force by email to [afosi\\_hq\\_foia\\_request@us.af.mil](mailto:afosi_hq_foia_request@us.af.mil); mail to HQ OSI/FSS/MSII, ATTN: FOIA Office, 27130 Telegraph Rd, Quantico, VA 22134; or fax to (571) 305-8229 no later than 90 calendar days from the date of this letter. Include your reason(s) for reconsideration and attach a copy of this letter.

You may also contact the Air Force FOIA Public Liaison Officer, Mr. Robert Bivins, concerning this final response at DAF FOIA Public Liaison Office (SAF/CN), 1800 Air Force Pentagon, Washington, DC 20330-1800, [DAF.FOIA@us.af.mil](mailto:DAF.FOIA@us.af.mil) or (703) 614-8500.

**DECLASSIFIED SUMMARY:**

On 26 Jan 23, an USAF pilot gained radar lock on four separate UAP. Upon approach, the pilot was able to make visual contact and employ sensors to obtain a screen capture of the first of these objects. The remaining three were only detected by radar.

UAP-1 likened to an "Apollo spacecraft" in size and shape, with an "orange-reddish" illuminated rounded bottom and the top section "a three-dimensional cone shape" comprising "gunmetal gray segmented panels."

UAP-1 operated at an altitude of about 16,000 above ground level (AGL). The second and third UAPs were noted at altitudes of 17,000 and 18,000. The fourth was lost from radar and no altitude was noted. Moreover, no airspeeds were noted for any of the UAP in this report.

Of note, upon closing to within 4,000 feet of UAP-1, the radar malfunctioned and remained disabled for the remainder of the event. Post-mission investigation revealed that a circuit breaker had triggered, but that maintenance technicians were unable to conclusively diagnose the fault.
